

# Fraction Addition

$$\frac{1}{2} + \frac{3}{5}$$

A butterfly-shaped diagram for the fraction addition  $\frac{1}{2} + \frac{3}{5}$ . The wings are drawn over the original fractions. The top-left wing contains the number 5, the top-right wing contains 6, and the bottom wing contains 10. The original numbers 1, 2, 3, and 5 are crossed out with diagonal lines.

$$\frac{1}{4} + \frac{2}{3}$$

A butterfly-shaped diagram for the fraction addition  $\frac{1}{4} + \frac{2}{3}$ . The wings are drawn over the original fractions. The top-left and top-right wings contain empty square boxes, and the bottom wing also contains an empty square box. The original numbers 1, 4, 2, and 3 are crossed out with diagonal lines.

$$\frac{2}{5} + \frac{1}{4}$$

A butterfly-shaped diagram for the fraction addition  $\frac{2}{5} + \frac{1}{4}$ . The wings are drawn over the original fractions. The top-left and top-right wings contain empty square boxes, and the bottom wing also contains an empty square box. The original numbers 2, 5, 1, and 4 are crossed out with diagonal lines.
